

NEWS RELEASE

15-233

Date: Friday, October 16, 2015**District:** 8 – Riverside/San Bernardino**Contact:** Terri Kasinga**Phone:** (909) 383-4631 or (951) 232-4268**FOR IMMEDIATE RELEASE****BE WORK ZONE ALERT!**

UPDATE ON STATE ROUTE 38 PAVING PROJECT

SAN BERNARDINO- Caltrans and All American Asphalt will continue the State Route 38 (SR 38) pavement rehabilitation project on Monday, October 19. The project resumed in the beginning of October after it was suspended due to the nesting period of an endangered bird called the Southwestern Willow Fly Catcher. The project limits are from the passing lanes to Rainbow Lane.

The contractor will now work additional hours while paving temperatures are favorable to complete the project. The new work schedule is Monday through Friday from 6:00 a.m. to 6:00 p.m. until the paving is complete, which is expected in November 2015, depending on weather. One way traffic control will be in effect for the duration of the project, so expect delays and add some extra time to your commute.

The rolled asphalt requires a “rest period” of one to one and a half hours. There will be no access across the asphalt during the rest period. ***Please relocate your vehicle as needed when the project is in your area.***

Motorists are advised that other roadwork exists on mountain routes to Big Bear. SR 18, which is under traffic control for paving from Rim Forest to Running Springs, in addition to **full** closure of SR 18 between Snow Valley Mountain Resort and the Big Bear Dam (Arctic Circle) through October 29 from 8:00 a.m. to 4:00 p.m.
